

# Agenda

- GP 2010 Payroll
- GP 2010 Human Resources
- Questions

# Payroll

- Exclude Inactive Employees in Lookups
- Multiple W-2 Boxes for Benefits/Deductions
- Sequenced Garnishments
- Concurrent Pay Runs
- Duplicate Pay Stub
- Fiscal Year Inquiry
- Personnel Management Workflow

# Concurrent Pay Runs

- Max Calculation Wait Time

The number of minutes for a queued payroll processing task to wait for a concurrent payroll processing task to finish. If the Max Calculation Wait Time expires before the original calculation is complete, a message will appear asking if you want to continue waiting for the same amount of time.

- Retry Interval

The number of seconds between retry attempts for a queued payroll process.

# Concurrent Pay Runs

Concurrent processing cannot occur if the same employee is included in multiple payroll builds.

# Fiscal Year Inquiry (PR)

- Employee Summary Inquiry
- Employee Tips Summary Inquiry
- Employee Record Summary Inquiry
- Payroll Summary Inquiry
- Payroll Tips Summary Inquiry
- Employee Pay History Inquiry
- Employee Pay Codes History

# Fiscal Year Maximums (PR)

- Deduction Setup
- Benefit Setup
- Employee Deduction Maintenance
- Employee Benefit Maintenance
